Good News Publishers, 2009. Pamphlet. Condition: New. Language: English . Brand New Book. BATS! Did you know that. BATS can locate objects in the dark? They use sonar--making high-pitched sounds and listening to echoes--so they can fly without bumping into things! BATS come in a wide variety of shapes, sizes and colors? There are about 1,100 different kinds of bats worldwide. BATS can fly faster than most birds? Bats have thinner wings than birds, which means they can move quickly and change directions easily. BATS can live up to 20 years? BATS are called pups when they are first born? BATS are not blind? While most species have very poor vision, they are still able to see. BATS of some species have been discovered to detect ultraviolet light? That s a type of light that humans can t even see! BATS have very flexible fingers? But bat fingers are different than human fingers, so they can bend and move in more directions than human fingers can! Bats are amazing creatures! That s because he loves you, he wants you to know him, and he has made you so you can love him back. God knows everything about you. He knows the good things that you do but he also knows the bad things that you don t want anyone to know about. The Bible says that all of us have done bad things, called sins,...
